Subject: RE: OP 8250 - Metal Seated Gate Valve

Hi Traci

I notified the low bidder by email last week that I would no longer recommend acceptance of their bid (after previously issuing that recommendation) after having discovered that their proposed valve does not meet the specifications.

The specifications clearly and definitively require that the valve be a double disc. The valve proposed by WTR / Blackhall is a single-disc, or solid wedge, design. This was not noticed prior to my recommending award.

Because of this, I am now requesting that the bid be awarded to Kodru Equipment in the amount of \$141,176. Please let me know if there is anything else you need.

FYI I will be out of the office until possibly 5/2. I will be responding to emails as I am able.

Peter J. Pfister, P.E.
